

## **ABERDEEN UNIVERSITY ALUMNUS ASSOCIATION – 2013 Report**

The Association has had a productive and satisfactory year.

- The management committee was strengthened by the co-option of two new members.
- We implemented our scholarship scheme and received our first report on the good progress being made by our assisted student.
- Following consultation with the University, we adopted a Mission Statement for the Association at our Annual General Meeting in November.
- We undertook a trial of funding and hosting one of the Chaplaincy Centre's weekly social evenings for students at Hillhead and, in the light of the success of that trial, we have committed to repeating this at regular intervals.
- We published a double-size edition of The Review and preparations are in hand for the production of a centenary edition early in 2014.
- Our events programme for members and guests comprised a visit to the University's Music Department, attendance at the final of the Ogston Music Prize, a summer outing to Maryculter Carriage Driving Centre, and our annual Christmas Celebration in Kings College Chapel.

A number of ideas are being worked on for the 2014 programme. We remain happy for non-members to attend our events and will continue to make information about our events widely available to alumni generally through the publications and communications of the University.

If you are interested in becoming a member of AUAA, please contact me at [abalas@btinternet.com](mailto:abalas@btinternet.com) for more information.
